

Free Home Broadband Connection

Signup for a new Broadband connection at home on a 12 month term between 20th June and 20th July 2006, and receive FREE installation worth \$99*

With Quickfire ADSL broadband you can use the Internet and talk on the phone at the same time, so you won't miss any more calls!

A whole new world of multimedia, downloads, streaming video, and Internet telephony applications will open up to you with Quickfire broadband providing the speed you need to really start making the most of the internet.

Our broadband plans can be connected to home or business lines wherever Telecom ADSL is available. All plans include free nationwide data -- this means any surfing or downloading from servers hosted in New Zealand, such as Trademe, is included **free** with your plan.

- Earn broadband discounts when you call!

How to signup for Direct Dial Tolls

It's FREE to sign up to Direct Dial Tolls - just ring **0800 QUICKSILVER (0800 784 257)**, or fill in the form enclosed in your paper invoice this month, and post or fax it back to us.

Broadband Speed Issues Update

Following our report last month on broadband speed issues, we're pleased to report this situation has improved.

We understand that users from a variety of internet providers, including Quicksilver users, are still experiencing some peaktime congestion on Telecom exchanges in popular suburbs, but that offpeak times are greatly improved. Telecom's position is that the advertised speeds are theoretical maximums, and that these speeds will depend in a variety of factors, primarily distance from the exchange.

Quicksilver is continuing to work with Telecom to improve quality of service on NZ broadband connections.

Refer a Friend and earn \$10 on your account!

When you refer a friend to Quicksilver's internet or phone services, ask them to mention your username or phone number when they sign up, and we'll reward you with a \$10 credit on your account (credit is applied when your friend pays their first invoice).

There's NO limit to the number of \$10 credits you can earn. Refer enough friends and you could earn yourself free internet or toll calls!

Does your business spend \$400 per month or more on toll calls?

Could you earn **FREE** Broadband?

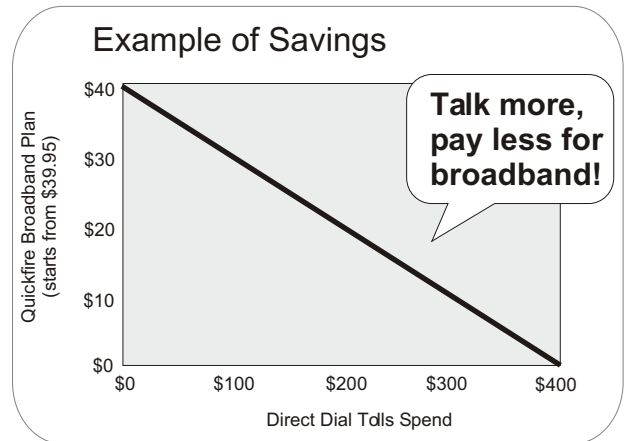

With Quicksilver's new Direct Dial Toll Call rebates scheme - you could be earning free Broadband for your business or home!

Quicksilver's direct dial tolls service offers you value for money on national and international toll calls, and you can select up to three Favourite Countries to receive additional discounts to those locations.

Quickfire Broadband gives you a high-speed internet connection, generous monthly data allowances, and great value for money.

Put them together, and if you spend over \$10 on direct dial toll calls, you will receive 10% of the toll call total as a rebate against your Quickfire Broadband account -- if you spend enough on toll calls your broadband connection will be FREE.

Many homes and businesses spend money on toll calls as a matter of course every month. Quicksilver is the only broadband ISP offering you greater broadband rewards when you spend more on toll calls.
